

## 8th Cybersecurity Workshop

# NEW DOMAINS IN CYBERSECURITY T&E

### WHO:

Cybersecurity Testers (DT, OT, Red Teams), Researchers, Test Event Directors, Test Planners, DoD and Industry Leaders

### WHEN:

**October 18–20, 2022**

### WHERE:

Embassy Suites by Hilton Destin  
Miramar Beach, Destin, FL

At this workshop, you will go beyond the typical exhibitor's booths and surface level discussions. The workshop will offer hands-on tool demonstrations and interactive sessions, and expand your knowledge of leading technologies and best practices.

You will see the government, industry, and academia showcase capabilities, research, tools, and services across a wide range of cybersecurity applications.

### KEYNOTE SPEAKERS:

**George Rumford**, (SES), Director (acting) and Principal Deputy, Test Resource Management (TRMC)

**Sarah Standard**, Cybersecurity/Interoperability Technical Director, OUSD R&E, Developmental Test, Evaluation, and Assessments

*...and more speakers to be announced*

### TOPICS WILL INCLUDE:

- **Cross-Domain Solutions**
- **Digital Engineering**
- **AI/ML in the Test and Cyber Arenas**
- **Intelligent T&E Approaches**

*...and more to come*
